If anyone bet that this article was not going to be all about the YL DXpedition, pay up now.

We got off to entertaining start. Michelle, W5NYV, got caught up in the vortex of TSA mayhem with her 'Braid of Doom.' Her four foot braid overwhelmed the Rapidsan \$1.6 million screening machine. 47 minutes later her Braid of Doom was finally allowed to board the plane. When we got to Miami we met up with Georgia, KI6LAV, and Margie, KG6TBR, where they joined us from their Eastern Caribbean cruise. If 'Murphy' was not working hard enough today; Michelle and Gayle's luggage was nowhere to be found, and Margie's luggage was wheel-less.

The next day Ellen, N6UWW, but not her luggage, and Rusty, AF6WF caught up with us and the YL DXpedition team was complete.

First we got the fabulous news that we had secured PJ2W to work the Russian Contest the weekend of March 19 - 20. Then Murphy struck hard and furiously. We were almost unceremoniously kicked out of the shack a day early with no place to stay. (Editor's comment: I'm sure we will hear a lot more about this when Gayle and the team get back to SoCal.)

So here we are. As this article is due to our intrepid newsletter editor, we are on the air. Hope you worked us.

73,

Gayle

The San Diego DX Club (SDDXC) is among the best known and most highly respected DX clubs in the United States. Since it's founding in 1946, SDDXC members have been on both sides of the pile-ups with DXpeditions and a fair share have achieved "Top of the Honor Roll" status. If you're interested in chasing DX, contesting, exchanging stories or just rubbing elbows with fellow "Big Guns" or "Little Pistols", you'll feel right at home at one of our club meetings. Join us at our next meeting. Visitors are particularly welcome!

San Diego DX Club Meeting Minutes

The San Diego DX Club held its regular monthly meeting on Wednesday, February 26, 2011 at the Sizzler Restaurant, Aero drive at Murphy Canyon Road.

Our president Gayle, K6GO called the meeting to order at 6:30.

38 members and guests were present!

After collecting a few last minute renewals, the treasurer reported that the club membership was 95, however he was a little over enthusiastic. SDDXC now has 87 members.

The round table was again filled with tales of the ones that couldn't be heard and the ones we managed to work, in addition to observations on propagation and station activities.

Our program was 9V1YC's video of the ZL8R Raoul Island Kermasdec 2006 DXpedition

The meeting adjourned at 8:45.

Respectfully submitted,

Leon, N6VS secretary/treasurer

It's still a horse race at the front of the 80 M pack. Rick, N6ND and Jim, W6YA both move up in tandem while newcomer W7DD drops into third place. Other than that, 20 is pretty well worked out and the top standings should remain cast in stone until we can convince the ARRL to reinstate all the deleted countries. Wayne, W6EUF moves into the Hall of Fame with scores of 246 on 80 and 374 on 20, while long time leader on 20 meters, Sam, W6BS leaves us with a final total of 380.

Each month, we will publish top ten lists for one of the lesser recognized but hard won categories. Coming up next, 15 meters, and the WARC bands. Please send me your totals for each band throughout the year and you will be listed in coming months. Use the convenient form at <http://www.sddxc.org> or bring 'em to the meeting.

Thanks to all the members who helped out with Q's with ZF2AM and PJ2T in the recent ARRL DX contests. Congrats to the members that worked me at PJ2T on 3 or more bands: N6ND (6), K6NA (5), N6NC (5), AD6ZJ (5), NORR (5), N6VS (4), N6XT (4), and W6YA (3).

Use the convenient form at <http://www.sddxc.org> or bring 'em to the meeting.

YL DXpedition to Curacao

Bob Farkaly, K9RHY

Our own club President, Gayle, K6GO was joined by SDDXC members Rusty Kalkofen, AF6WF and Ellen Utchig, N6UWW along with Michelle Thompson, W5NYV, Margie Hoffman, KG6TBR and Georgia Smith, KI6LAV on a YL DXpedition to Curacao from March 17-21, 2011. Operating from the Caribbean Contest Consortium (CCC) station using the calls PJ2/NA6YL and PJ2W, the DXpedition was booming into San Diego on 20 meters the morning of the 19th. There were also spots for PJ2W on 10 and 15 meters as well as WARC band spots for PJ2/NA6YL.

Curacao, PJ2, became an all-time New One for many (most/all?) of us on 10 - 10 - 10.

According to the web site, the requirements for the selected site were few:

warm climate, good location, minimal station setup, and adult beverages available. YL DXpedition website <http://www.yldxpeditons.com/>

Ten Tec Titan 425 amplifier in excellent condition by a non smoking user. It easily puts out full legal power on all HF bands, including 17 and 12m. A good feature of this amplifier is its separate power supply, making the RF deck easy to handle. Also included is one spare 3CX800A7 tube. All three tubes were just hi-pot checked by RF Parts and are in good condition. I have two spare amplifiers and a spare for the spares, so don't need to keep this one. I'm not interested in shipping, so prefer pick up only. If necessary I can deliver within 30 miles of Encinitas. Price \$2000. Please call me at (760) 822-7709 if interested. Jim McCook, W6YA
